

3D@1500

Unlock humanity with lockers that promote a happy and stress-

Stress at work creates a negative impact on any work environment. Poor performance, decreased productivity and excessive human errors are only some of the unfavorable results brought about by mental tension in the workplace.

What if you could help reduce these adverse effects by choosing a locker that's designed to keep a workplace happy and less stressful, wouldn't you take it?

3D@1500 is a 3-door locker at 1500mm high that is suitable for worksites that care for their most important asset - the employees. It comes with an adjustable shelf and several design options that you can add to maximise convenience for its
