

Active Double Island

Unlock humanity with back-to-back lockers that give you EXTRA

Over the years, modern office design has evolved so much that storage has already become an integral part of every workstation. The thing is a lot of lockers don't offer much functionality and comfortability on top of keeping paperwork out of sight. That is why we've put in so much thought into making our lockers not just functional, but EXTRA functional and convenient.

Active Double Island is the locker that will steer you to the right direction when it comes to designing a dynamic work environment. It's a set of two Active Island lockers that run back to back from each other and is best positioned in the middle of a floor plan for complete access. It has a
