

2 @ EOT

Unlock humanity with lockers that empower users within the

Our @EOT lockers are designed to ease the process of adapting to the physical and mental health needs of a workforce.

2 @EOT is a robust locker at 1800mm high and has a 100mm kick base. It comes with two adjustable shelves that provide a generous storage space for people's personal belongings. This locker is deliberately designed to human scale so that end users can enjoy the changing process from frisky mode to work mode. It can also be customised to increase accessibility and optimise the working experience of its users.

So if you need a locker that insinuates the "game on" attitude for its users, 2 @EOT
