

Ottoman Square End

Unlock humanity with Ottoman seating that helps achieve workspace flexibility.

Creating happy workspaces require more than just texture and beautiful, balanced layouts. Offering spaces that promote flexibility fuels the notion that work can indeed happen at any given corner - and it yields productive results!

Ottoman seating in square ends is an upholstered seat that provides the luxury and comfort of working in lounge settings as opposed to traditional work environments. It comes with a 50mm thick foam upholstery seat frame to give it a more fancy feel.

If you need to add a little bit of luxury to your office fit-out, the Ottoman Square End will not just be cozy furniture for people to work on and stay productive, it will also be a great catalyst for socialising and keeping the workplace happy and full of positivity.
