

3 @EOT

Unlock humanity with well-ventilated lockers that keep the

A locker room needs to breathe...especially in an end of trip facility. Lockers are constantly bombarded with moisture from people going in and out of their workspaces.

3@EOT is a locker that helps you resolve issues involving humidity, nasty odors, molds, and unhappy staff. We provide effective ventilation systems for your lockers based on your preference and requirements. Because really, a well-ventilated locker means an odor-free environment, lower maintenance costs, and happy users!

3 @EOT is part of our @EOT locker range that provides secured and convenient
