

AL4002

Unlock humanity with mechanical locks that do the job - simple and easy.

Mechanical locks are most suitable if you're looking for a quick and easy way to ensure valuables are securely stored. It's a popular and cost-effective choice for builders and designers who need simple yet effective lock solutions for their lockers.

With its versatility, simplicity and practicality, mechanical locks will help you create an efficient locking system that does not have the complexity of digital and smart powered locks. And because these locks are not battery or electricity-operated, you don't have to worry about high maintenance or replacement costs.

Additional Product Features:

4 Dial Combination Lock

Private User or Temporary User mode

Master Key Override

Black ABS Housing

Slimline Flush Mount
